Hey!

Thank you for purchasing the **Content Style Guide Starter Kit.**
I hope you love it.

☝️ **First:** Below is the link to your template. If you're comfortable in ClickUp, just click it to get started.

✌️ **Second:** If you'd like a little more guidance, the following pages include detailed instructions.

⚾ **Pro tip:** Get familiar with your template on desktop 💻 before navigating through the mobile app ☎️

If you DO have a ClickUp account

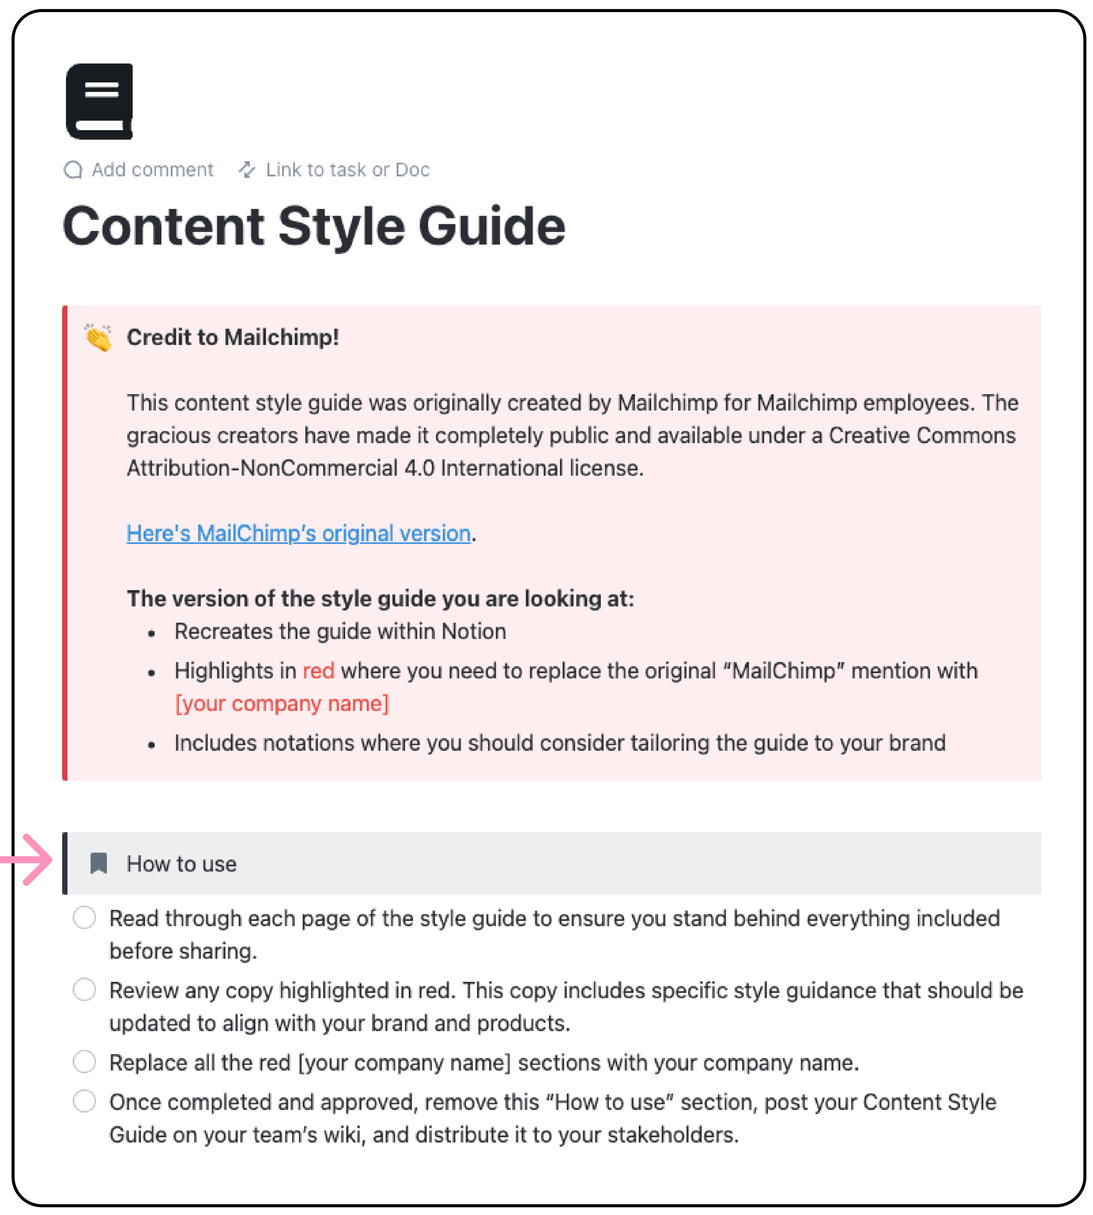

1. After clicking your template link, ClickUp will open up the template block shown to the right. 👉

- Under “Workspace,” select where you want your Content Style Guide to live.
- Then click “Use template.”

2. After loading, your template will automatically show up in ClickUp. (This takes about a minute). It may cycle through a couple screens but will eventually drop you into the Doc shown below. 👇

- Hop to the “How to use” section (pink arrow) and complete the checklist to review and finalize your style guide.

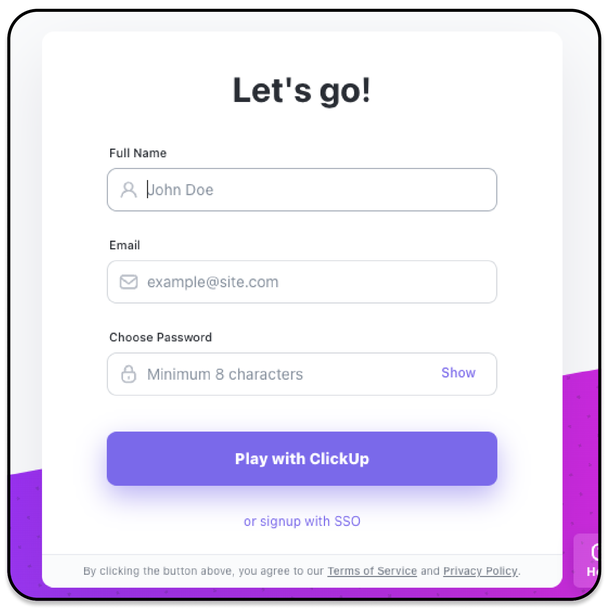

3. Go forth and make great things.

If you DON'T have a ClickUp account

1. After clicking your template link, create your ClickUp account. Don't worry, it's free!

2. After you create your ClickUp account, check your email to grab your confirmation code and verify your account.

3. After verifying your account, ClickUp will walk you through a series of prompts to help set up your space.

4. Once your ClickUp account is created, click the template link again.
