Content style guide

As soon as you have more than one person writing, creating, or editing content, you need a style guide.

This guide includes everything from basic grammar mechanics to accessibility standards to best practices for common content types. You can use as-is or totally customize to fit your brand's needs.

02 Verify your email, name your workspace, then open the template link again and follow the steps above.

GOOD TO KNOW

`Pro tip`

Get familiar with the template on desktop before you use it in the ClickUp mobile app.

`Make it yours`

Every template is a starting point. Rename sections, cut what you don’t need, and add what your team does differently.
